PFOA/PFOS Facility Identification Survey

If a respondent indicated that the facility used/stored/disposed PFOA/PFOS substances, it does not necessarily mean that there is an environmental/public health concern associated with that facility. DEC is in the process of reviewing/evaluating the returned surveys to determine if additional follow-up or study is needed

Return rate: *164 surveys were sent to facilities; 152 were returned completed as of June 20, 2017.*

Questions 1 & 2 relate to name and address; questions 3-5 relate to facility ownership.

Q. 6: Is PFOA/PFOS or a PFOA- or PFOS-containing material currently used at the facility?
